By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2021—2022)

Welcome to Midway School, where we encourage and celebrate high academic achievement for all students. We are a small single school/district with approximately 80 students in grades Transitional Kindergarten through Eighth. We are located in Fellows, California, with a proud hard-working rural community on the west end of Kern County. We have over a hundred-year history with a beautiful safe campus.

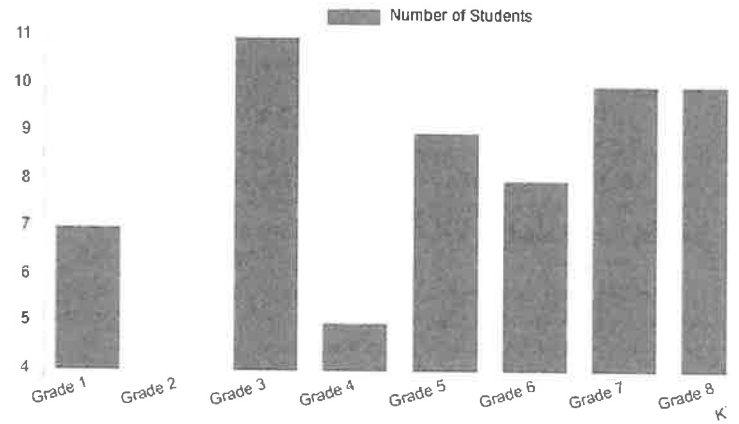

Midway's small-school setting allows for reduced class sizes and individualized attention for all students. Our students participate in academic, athletic, and social events with other similar small schools throughout the school year. In addition, all students participate in a variety of grade-level-appropriate field trips. We also have a strong accountability program (TIGER Way) that encourages all students to achieve high expectations with built-in recognition and rewards: rallies, field trips, Students of the month, and academic award assemblies.

We are fortunate to have many experienced and knowledgeable teachers eager to make a positive impact on our students. We believe in a student-centered approach, which provides an atmosphere in which a child's social, emotional, and intellectual needs are equally important. Our staff consists of one Superintendent/Principal, six full-time teachers, one part-time RSP teacher, one District Secretary, one Maintenance and transportation Director, and three classroom aides. All staff contributes to making Midway School the best that it can be through monthly In-Service meetings. Please feel free to contact us for any additional information about our wonderful "small school on the hill." We always welcome visitors, parents, community members and new volunteers.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Total Teaching Positions	6.4	100	6.4	100	274759.1	100

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Midway School places a strong emphasis on ensuring the safety of all students and staff members. The school's maintenance/custodial staff of 4 keeps the facilities in compliance with all federal and state health and safety regulations. The TK-8 campus is currently comprised of 8 classrooms, one staff room, library, auditorium, gym, fitness center, computer lab, and two playgrounds. The chart below displays the results of the most recent school facilities inspection. Midway School has also been recently modernized and is mostly in good repair. We are currently looking for projects that we can do within our budget to complete projects that were not included in the modernization project. Prop 39 has passed and that will give us a money flow for 5 years. Midway School just recently completed a plan that has to do with conservation of energy: Insulation, updating thermostats, sealing cracks, and changing to new more efficient light bulbs throughout the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- **SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

- **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2021-2022)

Parents and the community are very supportive of special events throughout the school year. Midway School offers opportunities for parents to meet in our library and give input and organize events. Examples of events and support they participate in are volunteering in classrooms, fund-raisers, field trip chaperones, Back-To-School Night, parent-teacher conferences, awards assemblies, Red Ribbon Week, athletic events, fall carnival, Santa's Secret Shop, book fair and Christmas program. The school also informs parents of student progress through our online grading system (Jupiter Ed), Progress Reports, Report Cards, Parent Conferences requested by parents or teachers, Teacher/Principal letters, telephone calls, and our school-wide notification system "SchoolWise."

School Safety Plan (School Year 2021-2022)

A comprehensive school safety plan is in place to ensure a secure, peaceful, and clean environment for the school community. The plan was reviewed on April 13, 2021 by our Board of Trustees. Our Safety Committee, which consists of the Superintendent, local fire department, parents, and all school staff were involved in reviewing the plan. The school's disaster preparedness plan identifies procedures to follow during emergencies and natural disasters. Emergency drills, including fire, earthquake, and intruder on campus are conducted monthly and annually. We have an automated system (Schoolwise) that can alert all parents of emergencies. Faculty members, administrators, and yard duty monitors are responsible for supervising students before and after school, at recess, and during lunch. All visitors are required to check-in and sign out at the office and wear a badge at all times.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
